VISION STATEMENT

Region III Housing Coalition strives to locate housing for families and individuals through community partnerships. We also assist those who need help maintaining housing by connecting them with a network of service providers that can successfully guide them through the continuum of care.

The Coalition is a federally supported group that is actively involved in advocacy and policy change and implementation at a State level.

Our region encompasses Adams, Boise, Canyon, Elmore, Gem, Payette, Owyhee, Valley and Washington counties. Members currently include non-profit homeless assistance providers, victim service providers, faith based organizations, local government, public housing agencies, school districts, social service providers, affordable housing developers and Veteran service providers. We are currently seeking involvement from others who are concerned about our communities and would like to be an active agent in making Idaho an even better place for everyone to live.

The Region III Housing Coalition is one of seven coalitions across the state and is responsible for implementing new policies and procedures, and providing community education about homelessness and resources available. It is also tasked with attempting to count the unsheltered homeless in the state annually.

MEETING TIME AND LOCATION

The public is welcome to attend Region III Housing Coalition meetings, which are held the second Wednesday of each month, 8:30 A.M., at Idaho Department of Labor, located at 4514 Thomas Jefferson Street, Caldwell. An agency or organization can participate two ways, either attending in person or joining in by conference call. (208) 947-1053, conference ID # 584905.
